Miss Pat Butler
Station Manager
Radio Station WCSR
Smith College
Northampton, Massachusetts

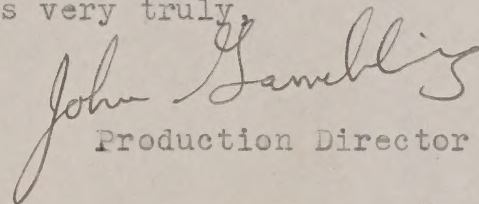

Dear Pat,

Bob Sisk asked me to get in touch with you concerning WDBS' evening of broadcasting over WCSR. To date we have had a pleasing number of men interested in coming down to Northampton, with the greatest amount of interest shown for Friday, December 2.

In a very few days Louis DeRochemont (Junior!) will be getting in touch with you concerning a few technical problems about which he wanted some information before we can plan any programming, and he, along with Bud Sawyer and Ronnie Marcks, will be doing the organization work.

I hope that everything will work out and that the evening, both socially and radio-wise will be successful.

Yours very truly,

Production Director
